COSPACE RESCUE MAP INSTALLATION

Step 1: Download the CoSpace Rescue Map, xxxx.zip

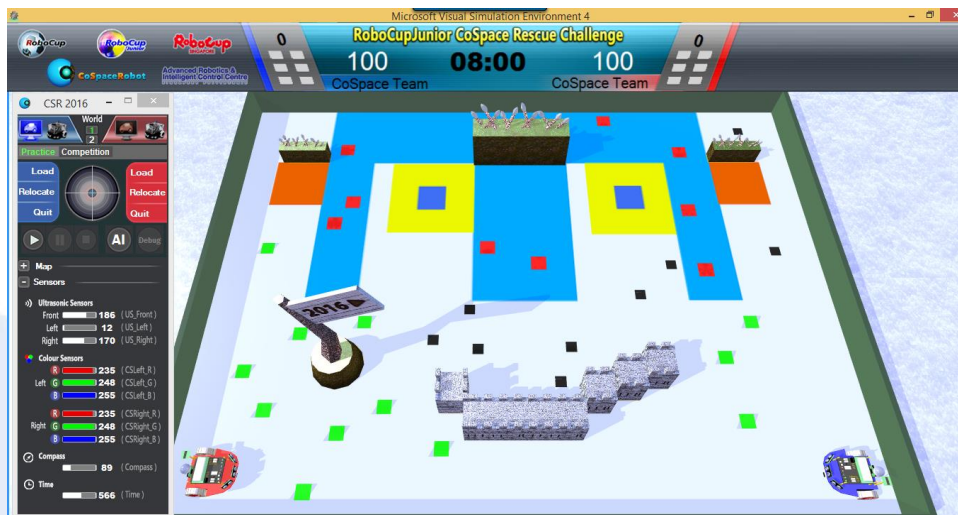

Step 2: Unzip the map file: xxxx.zip.

Step 3: Set up the map.

Right click on "Setup.exe" in the Map folder and choose "Run as administrator".

Step 4: Launch the CoSpace Simulator 2016, you will see the new map installed.

Step 5: Click on "2" in the control panel. You will see the virtual map for WORLD_2.

If you encounter any problems during the installation, please refer to the FAQ. You can also contact us at support@CoSpaceRobot.org for technical assistance.
